EMPOWER • DEVELOP • ADVOCATE • CELEBRATE

Our Goals:

EMPOWER members through the annual conference, quarterly **Chapter Meetings**, networking events, and discussion groups.

DEVELOP members with our monthly professional and personal **Leadership Training and Development Program**.

ADVOCATE for members and industry professionals through our **Career Corner**, **Collegiate Effort**, and industry-wide **Mentorship Program**.

CELEBRATE the accomplishments and advancement of **Members** and our **Sponsorship Organizations**.

What We Do:

Expand leadership skills, accelerate personal and professional development, and build strategic networks to increase opportunity for women to succeed in the Electronics Industry.

How We Do It:

Mentorship

- Leadership Opportunity for Mentors & Learning Opportunity for Mentees
- Match Teams with Diverse Perspectives
- Connect & Collaborate with Seasoned Industry Professionals

Events

- National Conferences
- Regional Chapters
- Industry Events
- Virtual Programs
- Special Interest Discussion Groups

Knowledge Share

- Thought Leadership Discussion Groups
- Leadership Resources
- Leadership Training
- Industry News
- Regional Chapter Meetings
- Career Corner Resources

Our Mission:

Fueled by honor, authenticity, courage and commitment, Women in Electronics (WE) is a community of progressive leaders at all stages of their careers dedicated to the advancement of women in the fast-paced Electronics Industry.

“WE” was formed in the Fall of 2017 by a group of 20 inaugural women coming from all across the country to meet for the first conference in Laguna Beach, CA. The group was built with the premise of women working collaboratively to form a united community that aligns with our male counterparts to empower, develop, advocate, and celebrate diverse talent in the Electronics Industry.

“ You can become the change you seek to create if you have the will to create it. ”
